Notice of Proposed Action

Web Posting: 09/06/11

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Federal Clean Water Act. The Administrator has received an application for a new National Pollutant Discharge Elimination System (NPDES) Permit #NV0024074 from the following applicant:

**7-Eleven, Inc.
P.O. Box 711
Dallas, TX 75221-0711**

The Applicant, 7-Eleven, Inc. (7-11) owns the 7-Eleven Store #29643, located at 15 N. Lamb Blvd., Las Vegas, Clark County, Nevada. Groundwater below the site has been impacted with petroleum hydrocarbons and methyl tert-butyl ether (MTBE). Groundwater remediation is accomplished using a Dual-Phase Extraction (DPE) System, which treats soil vapor and impacted groundwater. The water treatment system includes a sediment filter and two aqueous phase GAC adsorbers in series, which remove petroleum hydrocarbons and MTBE from the impacted groundwater. Treated groundwater meeting water quality standards is to be discharged to the Las Vegas Wash via the Clark County storm drain system. The Applicant has requested a Daily Maximum flow rate of 20 gallons per minute, or 28,800 gallons per day. Based on a review of the NPDES permit application, the Division has made the tentative determination to issue the NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control should submit their comments or request, in writing or by Fax, within thirty (30) days of the date of newspaper publication, by **5:00 P.M. on October 10, 2011**, either in person or by mail to:

**Nevada Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart St., Ste. 4001
Carson City, NV 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. October 10, 2011** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing.

The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
